Mission to Mexico

Sponsor a Child Program

- The family of each child living in the colonia has to pay tuition and provide a uniform, shoes, and school supplies for that child to attend public school. Many children do not attend school because the family is unable to pay these expenses.
- We are attempting to support these families by seeking sponsors for 200+ school age children. Sponsorships are for one year beginning every November.
- You may choose to either sponsor either a boy or girl who is attending K-12.
- Each sponsor will be asked to donate $100 to buy a school uniform, shoes, school supplies, a winter coat, and a backpack for the child being sponsored.
- While every effort will be made to ensure that the sponsored person receives the intended “gift”, it is important to note that the colonia is in a border area, the families are very mobile and a person who is there in December may not still live in the area in August. Thus, Mission to Mexico reserves the right to designate another needy person as the recipient of the “gift” in the event the originally sponsored person is not available to receive it.
- The sponsorship donations are 100% tax deductible. Mission to Mexico will provide you with a receipt for tax purposes.
- Because Mission to Mexico operates on a cash available basis, it is requested that all sponsorships be paid in full in one payment. We are not set up to bill or to collect multiple payments.
- If you would like to sponsor a child, please visit our website at http://mtmaustin.org to make an online donation or send your check for $100 payable directly to our address below. Please indicate ‘Sponsorship Program’ on your check as well as your preference to sponsor a boy or a girl. All sponsorship donations need to be received by October 31st of each year to cover the full program year.
- Education is the cornerstone of our efforts to fight poverty in the colonia. We are looking forward to building on the success of our sponsorship program to date. If you have been a sponsor, we thank you! We hope you will continue your participation in the upcoming school year. If you are new to the program, please prayerfully consider supporting one or more children.
